Coastal Permit General Conditions

1. This permit is revocable, or subject to modification or change at any time, pursuant to the applicable regulations, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of the permit shall not be deemed to affect in any way action by the Department of Environmental Protection of the State of New Jersey on any future application.
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection of the State a party in any suit or question of ownership.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. In cases of conflict, the conditions of this permit shall supersede the plans and/or engineering data.

ADMINISTRATIVE CONDITIONS

1. This permit shall be RECORDED in the office of the County Clerk (the REGISTRAR OF DEEDS AND MORTGAGES in the applicable counties) in the county wherein the lands included in the permit are located within (10) days after receipt of the permit by the applicant and verified notice shall be forwarded to the Land use Regulation program immediately thereafter.
2. This permit is NOT VALID until the permit acceptance form has been signed by the applicant, accepting and agreeing to adhere to all permit conditions, and returned to the Land Use Regulation Program at P.O. Box 439, Trenton, NJ 08625.
4. Prior to any construction activities, the permittee must obtain a Department of the Army authorization. You are advised to contact the Philadelphia District at (215) 656-6728.
5. A Tidelands One Fee License will be required to authorize the outfall activity to Newton Creek. No construction is authorized at or below the mean high water line of Newton Creek without receipt of the required Bureau of Tidelands Management Authorization.
6. Prior to any construction activities, the permittee must receive authorization from the Camden County Soil Conservation District.

PHYSICAL CONDITIONS

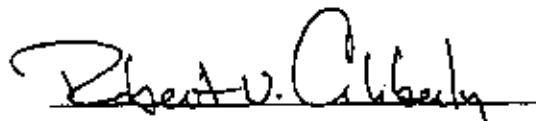

1. All disturbed areas should be planted with a mixture of warm and cool seasonal grasses, containing at least 20% warm

File No(s): 04000-03-0002.1 WFD030001&2 & 0400-03-0002.1 FWW030001

page

season grasses. The use of one of these mixtures will permanently stabilize the soil and enhance the environment. Your local soil conservation service can provide information on the appropriate mixture based on the planting date and drainage.

- 2) To protect the anadromous fish run during migration and spawning a timing restriction of March 1 to June 30, prohibiting in-water construction activities is imposed to reduce the possibility of increases turbidity.
- 3) All excavated materials must be disposed of at an approved site. Under no circumstances is excess material to be disposed of in wetlands, transition areas to wetlands, stream corridors, or other environmentally sensitive areas.
- 4) The applicant shall maintain all soil erosion and turbidity controls for the life of the project.
- 5) The Freshwater Wetlands Statewide General Permit No. 11 (File No. 0400-03-0002.1 FWW 030002) authorizes the disturbance of a maximum of 0.027 acres of freshwater wetlands, transition area and State open waters for two (2) outfall structures and associated rip-rap.
